

ROK CUP MALAYSIA 2019

ADDITIONAL SUPPLEMENTARY

REGULATIONS 2

***Please take note of points 8.11 (d) for additional supplementary regulations.**

8.11 FUEL AND OIL

- a. The requirements specified in these Regulations are intended to ensure the use of fuels predominantly composed of compounds normally found in commercial fuel, and to forbid the use of specific power-boosting chemical compounds.
- b. Fuel will be non "Parc Ferme" status.
- c. It will be each competitor's responsibility to purchase their own petrol from petrol stations beginning from Free Practice till the end of the race on Saturday. No racing fuels or additives are allowed.
- d. **Petrol will be unleaded pump fuel, up to 97 octane, from any PETRONAS Pump Station. Nearest Petronas station from Sepang International Karting Circuit is NGV Petronas KLIA 3, 43900 Sepang, Selangor.**
- e. It is forbidden to add any liquid and/or power-boosting chemicals into the petrol.
- f. The volume of the fuel in tank must be over or equal to 1.5 litres at all times.
- g. The Scrutineers, following the decision of the Stewards, have the right to change, replace or check any entrant or driver's petrol at their discretion, at any time during the event.
- h. The recommended oil mixture ratio for each engine is as follows:

Engine	Recommended Mixture Ratio
Mini ROK	3%
ROK GP	4%
